# **GENDER PAY GAP 2023**

We persist in our commitment to focus on equity and diversity within our organisation, both locally and globally.

We recognise that some of our gender pay gap is due to our largest department and pool of entry level roles predominantly attracting females. To address this, we are reviewing our recruitment strategies to encourage greater male participation within these roles.

## **Our commitment to closing the gap**

BCD Meetings & Events aims to be the world's most trusted Meetings & Events agency. We are firmly committed to fairness and equality in our working practices to encourage and enable all of our people to develop to their fullest potential. With women accounting for over two thirds of our UK SLT, we are focused on ensuring that all our people are equally valued and rewarded.

We recognise we have important work ahead of us to ensure we are always mindful of any pay disparity amongst our workforce. No matter their gender we will prioritise addressing this by continuous review of our pay and bonus structures until there is consistently no pay differential whatsoever.
